

MORGAN BURLEY HARVEST FOR '57 IS 1,777.3 ACRES

Harvest Is 57.8 Acres More Than Last Year's Crop

Morgan county farmers have harvested a total of 1,777.3 acres of burley tobacco this year, 57.8 acres more than last year, the county ASC office reported this week.

But the 1,777.3 acres harvested is 142.4 acres less than the county's base allotment of 1,919.7 acres. Last year the county harvested 1,719.4 acres which was 200 acres less than the base allotment.

However, the additional 57.8 acres harvested this year is not expected to make up for a shortage in production due to the long summer drought. Most observers predict the crop will be 15 to 20 per cent under last year.

Last year's 1,719 acres averaged 1,580 pounds per acre for a total of 2,716,020 pounds. A reduction of 20% in production would bring the county average down to around 1,265 pounds per acre. And the 1,777 acres harvested this year would produce an estimated 2,357,130 pounds, some 358,000 pounds under last year.

Price of burley, however, may be a little higher than last year, bringing the county's dollar income somewhere near last year's level.

An average of \$64 per hundred would bring in an estimated \$1,108,560. Last year's crop averaged \$63.70.

The 1,777.3 acres harvested this year was produced on 1,967 farms, showing the county's average allotment to be around nine-tenths of an acre.

Nine hundred and fifty-four farmers destroyed excess tobacco totaling 91.4 acres this year.

Radar Storm Warning Stations Planned In East Kentucky Area

Ralph F. Kresge, hydraulic engineer, U. S. Weather Bureau, Washington, D. C., Fred Baughman, assistant director, U. S. Weather Bureau, Cincinnati, and Walter L. Shouse, Director, Planning and Zoning Division, Dept. of Economic Development, Frankfort, visited Mrs. Elizabeth Brown, local U. S. Weather Bureau observer, Wednesday. They inspected the weather station and discussed plans for faster river and rainfall reporting and forecasting.

Plans for installing long-range radar stations are in the making for Cincinnati, Ohio, Charleston, W. Va. and possibly, Lexington, Ky. in the near future. With these radar stations it will be possible to locate and track the advance of high intensity, rain and snow storms up to 150 miles radius and give advance warning to weather observer stations and areas in the path of the storm.

Mr. Kresge stated that the U. S. Weather Bureau is cooperating closely with the Soil Conservation Service throughout the county in flood control and prevention by setting up automatic precipitation recording stations in watersheds and in furnishing precipitation data needed in designing flood control and prevention structures by SCS.

The U. S. Weather Bureau is also cooperating with other interested federal and state agencies and local groups.

The Soil Conservation Service designs water disposal structures such as waterways, open ditches, diversions and terraces based on a 10-year rainfall frequency and farm and irrigation ponds on a 25-year frequency. This means that these structures are designed to carry the most intense rainfall that might be expected in a 10 year or 25 year period.

A safe in the home of Finley Elam at the mouth of Lacy Creek was robbed either Tuesday or Wednesday night of last week. Mr. Elam works in Dayton and discovered the safe cracked when he came home Friday night.

It is reported that more than two hundred dollars in silver was taken from the safe.

The burglars had pried open the safe with some kind of instrument.

State Police and Sheriff Aaron Lykins and Deputy Sheriff Thurman Wright were called to the scene to make investigation.

Volly Ball League To Be Organized

Coach Merle Nickell said this week the Morgan County Volly Ball League will be started next Monday. He invites all interested men to attend a meeting that night at 7 o'clock at the high school gym for the purpose of organizing the league. The league had four teams last year and evoked widespread interest.

Hunting Season To Open November 15

Hunting season for small game will open in Kentucky Nov. 15. The game population throughout the Northeastern District is plentiful except in those areas where last spring's frost killed off the most productive tree flowers. With the present trend of damp and cool weather, hunting should be excellent.

Kentucky's deer season opens on November 23. Several likely spots where deer may be, are Elk Lick in Rowan, North of Park Lake in Fleming, and down on Briery and Buck Lick in Lewis.

DOG LOOKING FOR ITS MASTER LEADS OFFICERS TO BIG STILL IN MORGAN

A dog, evidently seeking its master, led federal revenue agents and Morgan county officers to a large stilling operation near the Licking river seven miles north-west of West Liberty last Friday.

The stilling consisted of two copper stills and a steel drum, capable of brewing 600 gallons of mash and was described as perhaps the largest operation of its kind ever found in Morgan county.

The raiding party was composed of U. S. Revenue Agents D. R. Keeton and C. E. Ryan, Sheriff Aaron Lykins and Deputy Sheriff Cecil Dalton.

On the previous day two of the officers, Keeton and Dalton, had arrested two men in the neighborhood carrying a quantity of moonshine, but they had been unable to find the still. Arrested were Jonas May and Virgil Craft. The two officers discovered them coming along a path in the woods

carrying four gallons of moonshine. Upon discovery, Mays and Craft threw down two revolvers, a 45 and a 22. Mays and Craft were brought to jail at West Liberty.

Next day, Keeton and Dalton were joined by Ryan and Lykins in a search for the still on Licking river near the Fannie Day Ford. They went down the river in a boat looking for clues.

While in the boat they saw a dog swim across the river and go up the bank. This was their clue. They went ashore and followed the dog up the bank and along a path. The dog led them to the still.

The officers destroyed two copper stills and the steel drum and about 250 gallons of mash and four gallons moonshine.

Mays and Craft were taken to Catlettsburg for arraignment before the U. S. Commissioner.

EVANS, HELTON WIN CITY POSTS

Mayor Alvan Evans, Police Judge John Helton and five members of West Liberty's city council were re-elected in Tuesday's municipal election.

131 Sign Pledges To Carpenter Recovery Fund

The committee in charge of the Bobbie Carpenter Recovery Fund reported this week that 131 persons had signed pledge cards to contribute \$1 a month to the fund. A total of 200 pledges are needed, the committee stated.

Carpenter, injured in a car wreck in Ohio in June, is a patient in the West Liberty Hospital, and a few days ago spoke his first words since the accident. While

MCHS FIVE WILL OPEN ON FRIDAY

Coach Merle Nickell's Morgan County High School basketball team will open their 1957-58 season Friday of this week against the Magoffin Baptist Institute at Mountain Valley, Breathitt county.

But two of his regulars back from last year, Billy Bailey and Darrell Wheeler, will not be able to start. Bailey is recovering from a broken arm suffered at the County Fair and Wheeler is out because of an ear infection. It is also doubtful if either will be able to play in the second game at Ezel next Tuesday.

Coach Nickell said his probable starting lineup will be—Marling Potter and either Scotty Elliott or Darrell Pelfrey as guards; Larry McClain, Harold Perry, Bill Lacy or Darrell Pelfrey as forwards, and Garland Patrick at center.

Morgan County will play their first home game Friday, Nov. 15 against Wolfe County.

Surviving are three daughters, Mrs. Matilda Oliver, Columbus, O.; Mrs. Rosann Cheeks, Dayton, O.; Mrs. Ann Bixler of Waverly, O.; two sons, Bennie Craft, Jr., Argillite, and Maynard Craft of Wurtland; four sisters, Mrs. Sarah Patton, Argillite; Mrs. Stella Salyers, Argillite; Mrs. Maggie Riffe, Carter county; Mrs. Carrie Martin, Naples, Ky.; and one brother, Dick Gillepie of Argillite.

Her husband, preceded her in death.

Morgan Farmers Build More Ponds

(Soil Conservation District Notes) (By Evelyn Brown, SCS)

Farm ponds have been constructed this week for Norman Gullett and Arnold P. McKenzie, West Liberty and Dillard Murphy, Ezel. Basic soil and water conservation plans have been worked out this month with Vinson Williams, Florence, Jerry Murphy and W. R. Motley, Ezel. Ponds, tile drainage, diversion channels, sod waterways and pasture development are some of the practices planned for these farms.

Orders for tree seedlings to be planted next spring are now being accepted now. Prices are the same as last year—\$7 per thousand for pines and hardwoods and \$10 per thousand for Scotch pine (for Christmas trees). The Kentucky State Division of Forestry has requested that all orders for 1958 planting be in by Dec. 31, 1957. Orders will be filled on a first-come-first-served basis until stocks are exhausted. Orders for about 30,000 trees from Morgan counties were received too late to be filled last winter—so get your order in early. Order forms are available at the SCD office upstairs in the postoffice building.

SCHOOL NEWS

The consolidated school resumed Monday after three days of suspension because of flu. Lloyd Patterson, principal of the high school, said only 30 were absent in high school Wednesday and that he believes the epidemic is sharply on the decline and will soon be over. All teachers are back on duty.

School Closes For EKEA Schools will close the 14th and 15th of November for the EKEA at Ashland. Morgan county will be represented in the delegate assembly by Lloyd Patterson, principal of Morgan County High School, and Otis Murphy, principal of Ezel school. Miles, who resigned recently to join the staff of a Lexington engineering firm.

MORGAN GIVES MAJORITIES TO ALL DEMOCRATS

Lloyd Conley Is "Write-In" Winner In Magistrate Race

Morgan countians elected a full set of county and district officials in the general election Tuesday. But for the most part voting was only a formality since all Democratic nominees except two magistrates won without opposition.

Morgan countians voted nearly 2 to 1 against both constitutional amendments and gave Miss Doris Owens, Democrat, a majority of 1,274 to 242 over Charles M. Green, Republican, for Clerk of the Court of Appeals.

The Owens-Green contest was the only state-wide race. Miss Owens, now serving by appointment by the most part piled up a lead of 124,977 votes with two-thirds of the precincts counted. The contest is for the two-year unexpired term of the late Charles K. O'Connell.

On Constitutional Amendment No. 1 Morgan citizens voted 205 "yes" votes and 438 "no" votes. And on Amendment No. 2 they voted 267 "yes" votes and 480 "no" votes.

Both amendments were defeated in state-wide voting. Amendment No. 1 would have increased from two to five the number of amendments that could have been submitted at one election. Amendment No. 2 would have provided for the appointment of a new State board of education and a State superintendent to replace the elective office of superintendent. It also would have placed more power in the State board's hands. It was defeated 105,269 to 74,719 in the state.

Two Magistrate Contests

In the two contests for magistrate W. M. (Buck) Smith, Democrat, won in Dist. No. 1 and Lloyd Conley won in Dist. No. 5. The contest in Dist. No. 5 was unique. Lloyd Conley won with 423 "write-in" votes over Republican Oscar Bolin's 82 votes and Martin Conley's 99 votes.

Lloyd is the son of the late Ervin Conley, the original Democratic nominee for the post who died a few days before the election. Martin Conley had been named by the Democratic county committee and chairman, Billy Elam as the party's nominee, and stickers with his name on them were pasted over the dead nominee's name on the ballots.

But 423 citizens in the five precincts composing the district wrote in Lloyd's name and stamped an "x" after it. This won Lloyd the post for a full four-year term.

1274 Straight Voters

All unopposed Democratic candidates for county offices received 1,274 votes, as well as the Democratic nominees for State Senator, State Representative, Circuit Judge and Commonwealth Attorney.

Democrats elected to district posts without opposition. Charles Davis of Jackson for State Senator, Edward E. Bach of Campton for State Representative, Judge John A. Keck of Sandy Hook for Circuit Judge and W. Major Gardner of West Liberty for Commonwealth Attorney.

Win Without Opposition There was no county-wide race. All Democratic nominees for county offices were elected without opposition. They are—County Judge—Reed Halsey, re-elected. Circuit Court Clerk—Walter Franklin, re-elected. County Attorney—Thomas Davis. County Court Clerk—Austin Hill, re-elected. Sheriff—James E. Phipps. Jailor—Sambo Whit. Tax Commissioner—Della Williams, re-elected. Coroner—L. H. Owens.

The Democratic nominees for Magistrate won without opposition. They are: J. E. Turner in Dist. No. 1; Clyde Lewis in Dist. No. 3 and Glenn Lawson in Dist. No. 4.

Two Democratic nominees for Constable won without opposition—Thurman Cantrell in Dist. No. 1 and Tom H. Smith in Dist. No. 2.

HEALTH DEPARTMENT WILL BE CLOSED MONDAY

Here's a good reason Kentucky certified seeds are valuable to the farmer: Certified wheat seed, it has been found, averages less than two common weed seeds per pound of seed wheat. Hutchins has been with the Maps and Minerals Division for six years, the last three as assistant director. He started as a geologist. He succeeds Phil M. Miles, who resigned recently to join the staff of a Lexington engineering firm.

And a long long year has gone

Since our dad was called from this earth

Never to awake with the dawn,

In our hearts the words keep echoing

Children your father is gone

But then we didn't know the meaning

Till we came back to our empty home,

For a year now we have wondered

Back to our lonely home on the hill

Trying to recapture some of the laughter

Of a voice we know now is still,

Where hand in hand we walked together

Through the leafy country lanes

And no matter what the weather

Our hearts sang glad refrains

Hand in hand we are still walking

Though it's just down memory's lane

Memory is the wonderful gift left us

Till death also calls our names—

In memory of Willis Carter—

His lonely children

You'll ride in a new world of style in the 58 Ford

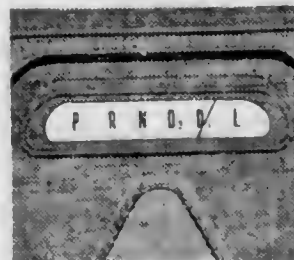

New deep-sculptured styling
New Interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan... a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

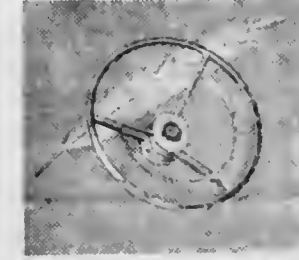

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your foot—from solid feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. As extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a leather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

OBITUARY

McCARTY

Elliott McCarty, son of James McCarty and Lorraine Dyer McCarty, was born at Hendricks in Magoffin county, June 21, 1884, and departed this life Oct. 24, 1937, at the age of 53 years, four months and three days. He had been in poor health for several years.

Elliott taught school several years in Magoffin, Breathitt and Morgan counties. He had worked for the United States Government in the Treasury Department, Department of the Interior and also in the Norfolk Navy Yard. He spent some time as a hospital at-

tendant at the Veterans Hospital at Lexington.

His father, mother, three brothers and three sisters preceded him in death several years ago. He is survived by one sister, Mary Eva of Insko; a foster brother, Wendell and his wife Ruby and son Wendell Ervin of Toledo, O.; several other relatives and a host of friends.

Elliott was deeply devoted to his parents and other loved ones. He left a comforting testimony two days before he was called away, saying that he had been praying for some time and there was nothing in his way.

Funeral was held at the family residence Oct. 26 at 1:00 p.m. Officiating ministers were Rev. B.

T. Morris of Caney and Rev. Joe R. Nevius of West Liberty.

Musical selections were rendered by a quartet composed of Sterling Bradley, Marvin Lacy, Talmadge and Carl Lacy.

Interment, under direction of Potter Funeral Home, was made in the McCarty family cemetery near the home.

Out of county visitors who attended the funeral were: Mr. and Mrs. James Huff, Rensselaer, Ind.; Paul Huff of Madrierville, Ind.; Mr. and Mrs. Wendell McCarty, Toledo, Ohio; Mr. and Mrs. Ed Dyer, Dudley and Beecher, McCarty, Mrs. Dora Dyer, Mrs. Sheridan Flint and Mrs. Ollie Barnett of Lakeville; Mr. and Mrs. Clifton Conley, Salyers-

ville; Mr. and Mrs. George Alsept, Mr. and Mrs. Kelly Hammock, Mrs. Lora Nickell of Jeffersonville; Foster Calhoun, Mrs. Callie Pratt, Mrs. Maude Vanderpool and Mrs. Buddy Calhoun of Hindman; Mr. and Mrs. Ellis Ross and family, Jeffersonville; Miss Helen Conley, Salyersville; Mrs. Theima Martin, Rensselaer, Ind.; Mr. and Mrs. Bernice Prater, Detroit, Mich.; David McCarty of Lakeville; Rex Dyer and Vaughn D. Barnett, Lakeville.

DOG CATCHES 4 PHEASANTS

Major Gardner's bird dog caught four pheasants Tuesday on a private hunting reserve in Boyd County. Major killed two with his gun and since four was the limit Major had to take his dog to the car and fasten it up, and pay \$10 extra. Others who were with him were Austin Hill, who it is thought killed four, however there was some argument about it, Buck McKenzie got six and shot most of them himself. Austin shot a box of shells. Ormond Lewis killed two. He ran one down and caught it and brought one from the owner of the reserve. They went Tuesday morning and came back Tuesday evening. There is 800 acres in the reserve. About twenty to fifty are turned loose each morning and hunters pay \$20 and are guaranteed four pheasants. One of the hunters said that sometime the pheasants got scared and ran back to where they were raised. This is a good place to go hunting to get good experience.

Wilmer Cecil caught a seven foot sail fish and two dolphins in the ocean a few days ago while attending an International Harvester meeting.

Joe Stacy killed a few more than 20 squirrels this season.

DORANS ENTERTAINED

Mr. and Mrs. Henry L. Stacy entertained with a dinner last Friday evening honoring Dr. Adron Doran, president of Morehead State College, and Mrs. Doran.

The dinner took place at Elam's dining room, preceding an organ concert presented by Mrs. Doran at the high school auditorium.

Table decorations were carried out in pink and black. A doll—miniature replica of Mrs. Doran—was placed on a lazy Susan surrounded by pink carnations to form the centerpiece. On either side were pink candles in black holders. Place cards were pink with black musical motif.

Guests were Dr. Adron Doran and Mrs. Doran of Morehead, Mrs. Emma Bybee of Lexington, Mr. and Mrs. W. Major Gardner, Mr. and Mrs. Joe D. Stacy, Mr. and Mrs. Henry Lowell Allen, and the hosts, Mr. and Mrs. Stacy.

CARD OF THANKS

In the midst of our sorrow we wish to express our heartfelt thanks and appreciation to our many relatives, friends and neighbors for their kindness and sympathy shown us during the illness and death of our beloved husband and daddy, Marlon Perry.

We especially want to thank the Jane Cook Hospital staff and Dr. Graves, those who sent flowers, food and the many cards, Rev. Norsworthy for his consoling words, Mrs. Stanley Blair, Mrs. Eva Lewis, Mrs. J. K. Barrineau for the beautiful songs and Potter Funeral Home for their efficient service.—Mrs. Bertha Perry and Children.

Man O'War, the greatest race horse, is memorialized by a statue at Faraway Farm, nine miles north of Lexington.

NICKELL

(By Grace Haney)

Oct. 28—A large drove of wild geese was heard and seen by the writer and husband one afternoon last week.

It's been corn shuckin' time in Morgan. Now it's tobacco grading time as several of the farmers are in their tobacco bars at work.

Ray Perry is employed at Cummings Fugate's at Grassy Creek. W. H. Haney was at Greear Sunday and reports the family of Mitchell Peyton almost all down with flu.

Mr. and Mrs. Bernard Perry visited their daughter, Reva Ross Tuesday.

Mildred Maines sprained an ankle and was rushed to a doctor in West Liberty last week.

Mrs. Lenville Peyton was in West Liberty Friday for medical aid. The doctor diagnosed her case as strep throat. Her sister, Reva Ross accompanied her.

M. C. Haney was guest of his parents here Sunday night, and they accompanied him to West Liberty Monday, Oct. 21.

The following families have flu: Victor Elam, Donnie Maines, Marquis Gevedon, Arthur Ross, W. P. Gevedon, Berlin Barker, Charles Walters.

Get-well wishes go to the families of Michael H. O'Kelly and Marvin Romans in Ohio, who have the flu; also to everyone everywhere who is ill. The O'Kellys and Romans families address is 12 N. East St., Lebanon, Ohio. They are formerly from Morgan county.

Thanks, Mrs. Inez McClure and Mr. and Mrs. Ezra Sutphin, Mr.

and Mrs. James Caskey and Mr. and Mrs. Flein Kennard, for your cards and compliments of the Nickell news I write. I hope the newsletters are interesting enough that each reader will enjoy reading them and our dear little L-V-C and write me, won't you?

Hi Nora, you write about "Mocking Bird Hill and "Honey-moon Holar." I remember traveling that road lots of times going to church at different places and it was the way we rode horses back to West Liberty before Highway 460 was built. I'll bet it is pretty now, dressed in its autumn colors, would love to be there.

LENEX

(By Estelle Caskey)

Oct. 28—Florence Hamilton is a patient in West Liberty Hospital.

A NEW KIND OF CAR IS BORN!

At Your Pontiac Dealer's Nov. 9

BOLDEST ADVANCE IN 50 YEARS!

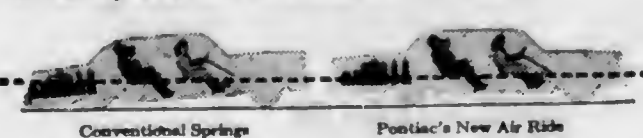

THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

**Ever-Level Air Ride***

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps... keep the car perfectly level regardless of load or road!

*An extra-cost option.

Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

**Circles-of-Steel SAFETY**

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry ends dive, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

Tempest 395 PERFORMANCE

Try Pontiac's new jewel-action response! Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness... and you can choose from four horsepower ratings including Tri-Power Carburetion* and Fuel Injection*.

NOW ON DISPLAY

Swept-Wing 58

SO ADVANCED IT LEAVES THE REST BEHIND! Rarely does a new car appear on the scene so advanced that it has no counterpart. Such a car is now on display—the Swept-Wing 58 by Dodge. It is very low, very daring, beautifully proportioned. Riding and handling qualities are remarkable. See the Swept-Wing 58 by Dodge soon. To own it is a new adventure.

CROCKETT— MRS. HUTCHINSON IS OPERATED ON

CROCKETT, Ky., Oct. 30—(By Mrs. Lee Skaggs)—Mrs. Rufus Hutchinson returned to her home last Friday from the Paintsville hospital where she submitted to surgery about ten days ago. She is reported as recovering splendidly.

Mrs. Fred Ferguson and daughter of Ohio visited her mother-in-law, Mrs. Cynthia E. Ferguson at Moon last week.

Gerald Carr reported that four of his children are confined with flu.

Rufus Hutchinson is reported ill with flu.

Sorry to hear of the death of Joe Lee Fyffe of Keaton.

We wish to extend our sympathy to the Ratliff family who lost their brother last week.

This writer and husband recently spent the week end in Cynthia visiting Mr. and Mrs. C. E. Holbrook.

Mrs. Isaac Ison, who has been on the sick list for some time, is improving nicely. She is able to be up and about the house now.

Mrs. Addie Ferguson and daughter, Mrs. Lloyd Mason recently went to Ohio to see Mrs. Lowell Ferguson, daughter-in-law of Mr. and Mrs. Addie Ferguson. The daughter-in-law was seriously ill. Mrs. Ferguson brought one of the grandsons home with her for awhile.

Claude Rowland, principal of Crockett school, reports there are quite a number of students out of school on account of flu. He said he had ten out of his room alone, last Friday.

Move Back From Ohio

Mr. and Mrs. Mervel Fannin, who have been living in Fairborn, O., where Mr. Fannin has been employed, has moved back to their home on Deadeney branch. Mr. and Mrs. Willie Ball and family who have been living in Fairborn, O., for several years have moved back to this community. They are now living in the Harold Dixon house.

It seems that unemployment is getting quite widespread these days from all reports.

This new-type concrete road will last 50 years . . . and more.

Drive it on America's new Interstate System highways

New-type, sound-conditioned concrete will still be fun to drive in '75

Not a "thump" to be heard on this continuous-laid concrete. It's almost like riding above the pavement, instead of on it. Sound-conditioned concrete has no joints . . . only tiny, sawed cushion spaces. You skim over them and don't know it! "Air-entrainment" prevents surface roughening, keeps concrete smooth. Laid flat, new-type concrete stays flat and will last 50 years and more.

The Interstate System is planned for the traffic of 1975 . . . when concrete laid today will still be "new" and fun to drive.

Built-in safety for Kentucky highways

The grainy texture of new-type concrete resists skids even when wet. No unevenness, no "fighting the wheel." It reflects light, too. You see up to 4 times better at night on light-colored concrete than on a dark surface.

PORTLAND CEMENT ASSOCIATION 805 Commonwealth Bldg., Louisville 2, Kentucky

Don't gamble with their eyes

Young eyes are strong eyes and even many hours of studying will not harm them—if they get the proper light.

Take a look at these two pictures and see how easy it would be to give your child ideal study conditions. The lamps illustrated are inexpensive and it takes only a few minutes with a tape measure to make a good study center.

For left-handed student place lamp on right. Use a light-colored shade and desk blotter. For maximum efficiency use a 3-way (50-100-150) bulb.

Avoid dark-colored shades and a dark wall. Use 100-watt bulbs.
